### DETAILED ACTION

1. This Office Action is in response to an AMENDMENT entered June 16, 2008 for the patent application 10,810,929 filed on Mar 26, 2004.
2. All prior office actions are fully incorporated into this Office Action by reference.

### Status of Claims

3. Claims 1-19 are pending.

### *Claim Rejections - 35 USC § 102*

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

5. Claims 1-2, 4-5, 8-11, 13-14 and 17-19 are rejected under 35 U.S.C. 102(e) as being anticipated by Sendowski (USPN 2003/0198934, referred to as **Sendowski**) as set forth in the previous office action.

***Claim Rejections - 35 USC § 103***

6. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

7. Claims 3, 6-7, 12 and 15-16 are rejected under 35 U.S.C. 103(a) as being unpatentable over Sendowski as applied to claim 1 and 2 above, and further in view of Parker (USPN 5909589, referred to as **Parker**) as set forth in the previous office action.

**Response to Arguments**

8. In response to the applicant's declaration of prior invention in the United States under 37 C.F.R. 1.131, the Examiner would like to state that the evidence presented by the applicant is not such that one of ordinary skill in the art would be satisfied to a reasonable certainty that the subject matter necessary to antedate the reference possessed the alleged utility. Refer to Fact and Documentary Evidence in MPEP 715.07.

9. Therefore the claims stand rejected.

**Conclusion**

10. Claims 1-19 stand rejected.

11. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
